

Painted Mountain Men's Golf Club

Next Saturday begins the annual Club Championship, which is a 2-round (36 hole) Gross and Net game and here's how it works:

Choose to play either Saturday 3/30 or Thursday 4/4 for your first round.

1. Saturday 4/6 is the final round.
2. Notify the game coordinator at check-in for your first round if you are playing Gross, Net, or both games.
3. There are 2 divisions - Gross and Net - and each costs \$20.
4. To qualify, you have to have 7 rounds with the Men's Club in the past year.
5. Indexes will not be updated after next Saturday until after the Final round.
6. On each day, there will be a regular 'game of the day'. You don't need to be entered into the Club Championship to play those days. Club Championship (CC) players will be paired with other CC players for the Final.

To reiterate, you can sign up any day of the Championship and play the regular game (which will include those in the Championship), and you don't have to sign up for the Championship.

Here are the results for today:
